

Source: Truck Inventory and Use Survey. Data are shown for trucks with greater than 4,540 kg (10,000 lb) GVWR. "Local" trucks operate within 80.5 km (50 mi) of their base of operation; "regional" trucks from 80.5 to 322 km (50 to 200 mi) from their base; and "national" trucks more than 322 km (200 mi) from their base.

Figure 57. Distribution of trucks by geographic range of operations.
